MURCHISON MINERALS LTD.

Notes to the Condensed Interim Consolidated Financial Statements

March 31, 2025 and 2024

(Expressed in Canadian Dollars)

1. NATURE AND CONTINUANCE OF OPERATIONS

Murchison Minerals Ltd. (the "Company" or "Murchison") was incorporated under the Canada Business Corporations Act on July 25, 2001. The principal business of the Company is the acquisition, exploration and evaluation of mineral property interests. The primary office is located at 5063 North Service Road, Suite 100, Burlington, Ontario, Canada, L7L 5H6.

The condensed interim consolidated financial statements were approved by the Board of Directors on April 30, 2025.

The business of mining and exploring for minerals involves a high degree of risk and there can be no assurance that planned exploration and evaluation programs will result in profitable mining operations. The continuance of the Company is dependent upon completion of the acquisition of the exploration and evaluation properties, the discovery of economically recoverable reserves, confirmation of the Company's interest in the underlying mineral claims, the ability of the Company to obtain necessary financing to complete the development and future profitable production or, alternatively, upon disposition of such property at a profit.

Although the Company has taken steps to verify title to its exploration and evaluation properties in accordance with industry standards for the current stage of exploration of such property, these procedures do not guarantee the Company's title. Property title may be subject to unregistered prior agreements and noncompliance with regulatory and, environmental requirements. The Company's assets may also be subject to increases in taxes and royalties, renegotiation of contracts, currency exchange fluctuations and restrictions and political uncertainty.

As at March 31, 2025, the Company has a cumulative deficit of \$45,281,305 (December 31, 2024 - \$45,083,430), continuing losses and is not yet generating positive cash flows from operations. These factors indicate the existence of a material uncertainty that may cast significant doubt about the Company's ability to continue its operations as a going concern.

These condensed interim consolidated financial statements were prepared on a going-concern basis in accordance with International Financial Reporting Standards ("IFRS"). Funding for operations has been obtained primarily through private share offerings. Future operations are dependent upon the Company's ability to finance expenditure requirements and upon the achievement of profitable operations. Management believes it will be successful in raising the necessary funding to continue operations in the normal course of operations; however, there is no assurance that these funds will be available on terms acceptable to the Company or at all. These condensed interim consolidated financial statements do not include adjustments to the amounts and classification of assets and liabilities that might be necessary should the Company be unable to continue operations. Such adjustments could be material.

2. MATERIAL ACCOUNTING POLICIES

Statement of compliance

These condensed interim consolidated financial statements, including comparatives, have been prepared in accordance with IFRS.

Exploration and evaluation properties

The acquisition costs of exploration and evaluation properties are expensed in the consolidated statements of loss in the period incurred, as permitted under IFRS 6, Exploration for and Evaluation of Mineral Resources.

The acquisition costs of exploration and evaluation properties include the cash consideration and the estimated fair market value of share-based payments issued for such property interests.

Exploration costs are expensed in the period incurred. Option payments which are solely at the Company's discretion are recorded as acquisition costs as they are made. Administrative expenditures are expensed in the period incurred.

MURCHISON MINERALS LTD.
Notes to the Condensed Interim Consolidated Financial Statements
March 31, 2025 and 2024
(Expressed in Canadian Dollars)

2. MATERIAL ACCOUNTING POLICIES (Continued)

Government grants and assistance

The Company expects to be entitled to a refundable tax credit on qualified mining exploration expenses incurred in the province of Quebec and to a refundable duties credit for losses, which are estimated and recorded against the exploration and evaluation expenses to which they relate.

Government grants and assistance are transfers of resources to an entity by government in return for past or future compliance with certain conditions relating to the operating activities of the entity. Government assistance is action by government designed to provide an economic benefit that is specific to an entity or range of entities qualifying under certain criteria.

Government grants and assistance are recognized where there is a reasonable assurance that the grants and assistance will be received, and conditions will be complied with. Government grants and assistance are recognized as an offset to the expenses to which they relate.

Property and equipment

Property and equipment are carried at cost, less accumulated amortization and accumulated impairment losses.

The cost of an item of property and equipment consists of the purchase price, any costs directly attributable to bringing the asset to the location and condition necessary for its intended use and an initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located. Repairs and maintenance costs are charged to profit or loss during the period in which they are incurred. An asset's residual value, useful life and amortization method are reviewed, and adjusted if appropriate, on an annual basis.

An item of property and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on disposal of the asset, determined as the difference between the net disposal proceeds and the carrying amount of the asset, is recognized in profit or loss.

Where an item of property and equipment consists of major components with different useful lives, the components are accounted for as separate items of property and equipment. Expenditures incurred to replace a component of an item of property and equipment that is accounted for separately, including major inspection and overhaul expenditures, are capitalized.

Amortization is recognized based on the cost of an item of property and equipment, less its estimated residual value, over its estimated useful life at the following rates:

Detail	Rate	Method
Exploration equipment	3 years	Straight-line
Computer equipment	5 years	Straight-line
Buildings	20 years	Straight-line

New and future accounting policies

Certain pronouncements were issued by the IASB or the IFRIC that are mandatory for accounting periods commencing on or after January 1, 2025. Many are not applicable or do not have a significant impact to the Company and have been excluded. The Company will adopt these pronouncements as of their effective date and is currently assessing the impacts of adoption.

MURCHISON MINERALS LTD.
Notes to the Condensed Interim Consolidated Financial Statements
March 31, 2025 and 2024
(Expressed in Canadian Dollars)

2. MATERIAL ACCOUNTING POLICIES (Continued)

New and future accounting policies (Continued)

IFRS 18 – In April 2024, the IASB issued IFRS 18 Presentation and Disclosure in Financial Statements to improve reporting of financial performance. The new standards replaces IAS 1 Presentation of Financial Statements. IFRS 18 introduces new categories and required subtotals in the statement of profit and loss and also requires disclosure of management-defined performance measures. It also includes new requirements for the location, aggregation and disaggregation of financial information. The standard is effective for annual reporting periods beginning on or after January 1, 2027, including interim financial statements. Retrospective application is required and early adoption is permitted.

3. CAPITAL MANAGEMENT

The Company manages its capital with the following objectives:

- to ensure sufficient financial flexibility to achieve the ongoing business objectives including funding of future growth opportunities, and pursuit of accretive acquisitions; and
- to maximize shareholder return through enhancing the share value.

The Company monitors its capital structure and makes adjustments according to market conditions in an effort to meet its objectives given the current outlook of the business and industry in general. The Company may manage its capital structure by issuing new shares, repurchasing outstanding shares, adjusting capital spending, or disposing of assets. The capital structure is reviewed by management and the Board of Directors on an ongoing basis.

The Company considers its capital to consist of equity, comprising share capital, reserves and deficit which at March 31, 2025 totalled \$530,939 (December 31, 2024 - \$728,814). The Company manages capital through its financial and operational forecasting processes. The Company reviews its working capital and forecasts its future cash flows based on operating expenditures, and other investing and financing activities. The forecast is regularly updated based on its exploration and development activities. Selected information is regularly provided to the Board of Directors of the Company. The Company's capital management objectives, policies and processes have remained unchanged during the period ended March 31, 2025. The Company is not subject to any capital requirements imposed by a regulator or lending institution.

4. FINANCIAL RISK FACTORS

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk (including interest rate, foreign exchange rate and commodity price risk).

Risk management is carried out by the Company's management team under policies approved by the Board of Directors. The Board of Directors also provides regular guidance for overall risk management. There have been no changes in the risks, objectives, policies and procedures during the period ended March 31, 2025.

Credit risk

Credit risk is the risk of loss associated with a counterparty's inability to fulfill its payment obligations. The Company's credit risk is primarily attributable to cash balances and amounts receivable. Cash is held with reputable banks, from which management believes the risk of loss to be remote. Financial instruments included in amounts receivable consist of sales tax receivable and refundable tax credits from government authorities in Canada. Management believes that the credit risk concentration with respect to financial instruments included in amounts receivable is remote.

MURCHISON MINERALS LTD.
Notes to the Condensed Interim Consolidated Financial Statements
March 31, 2025 and 2024
(Expressed in Canadian Dollars)

4. FINANCIAL RISK FACTORS (Continued)

Liquidity risk

The Company's approach to managing liquidity risk is to ensure that it will have sufficient liquidity to meet liabilities when due. As at March 31, 2025, the Company had a cash balance of \$525,484 (December 31, 2024 - \$718,166) to settle accounts payable, accrued liabilities and loan payable of \$60,432 (December 31, 2024 - \$52,361). All of the Company's financial liabilities generally have contractual maturities of less than 30 days and are subject to normal trade terms, except for the loan payable as disclosed in Note 14.

Market risk

Market risk is the risk of loss that may arise from changes in market factors such as interest rates, foreign exchange rates, and commodity prices.

Interest rate risk

The Company has cash balances and no interest-bearing debt other than the loan payable at a fixed interest rate. The Company's current policy is to invest excess cash in certificates of deposit or interest bearing accounts at major Canadian chartered banks. The Company periodically monitors the investments it makes and is satisfied with the creditworthiness of its Canadian chartered banks. Management believes that interest rate risk is minimal.

Commodity price risk

Commodity price risk could adversely affect the Company. In particular, the Company's future profitability and viability of development depends upon the world market price of commodities. Commodity prices have fluctuated widely in recent years. There is no assurance that, even as commercial quantities of base and/or precious metals may be produced in the future, a profitable market will exist for them. A decline in the market price of commodities may also require the Company to reduce its mineral resources, which could have a material and adverse effect on the Company's value. As at March 31, 2025, the Company is not a commodities producer. As a result, commodity price risk may affect the completion of future equity transactions such as equity offerings and the exercise of stock options and warrants. This may also affect the Company's liquidity and its ability to meet its ongoing obligations.

Sensitivity analysis

Based on management's knowledge and experience, the Company believes the following movements are "reasonably possible" over a one-year period:

- (i) Based on cash balances earning interest at March 31, 2025, a 1% change in interest rates would result in a corresponding interest income change of approximately \$5,200 for the one-year period.

5. CATEGORIES OF FINANCIAL INSTRUMENTS

	March 2025	December 2024
Financial assets:		
Amortized cost		
Cash	\$ 525,484	\$ 718,166
Financial liabilities:		
Amortized cost		
Accounts payable and accrued liabilities	\$ 47,856	\$ 37,410
Loan payable	12,576	14,951

As of March 31, 2025 and December 31, 2024, the fair value of all the Company's current financial instruments approximates the carrying value, due to their short-term nature.

MURCHISON MINERALS LTD.

Notes to the Condensed Interim Consolidated Financial Statements

Exploration equipment with a net book value of \$nil as at March 31, 2025 (December 2024 - \$nil) is used as security for the loan payable described in Note 14.

8. EXPLORATION AND EVALUATION PROPERTIES

Brabant Lake Property – Saskatchewan

As at March 31, 2025 and December 31, 2024, the Company holds a 100% interest in certain claims forming the Brabant Lake property in Saskatchewan.

HPM Property - Quebec

As at March 31, 2025 and December 31, 2024, the Company holds a 100% interest in certain claims forming the HPM property in Quebec.

MURCHISON MINERALS LTD.
Notes to the Condensed Interim Consolidated Financial Statements
March 31, 2025 and 2024
(Expressed in Canadian Dollars)

8. EXPLORATION AND EVALUATION PROPERTIES (Continued)

The following table sets out the exploration expenses for the periods ended March 31, 2025 and 2024:

HPM	2025	2024
Drilling	\$ -	\$ 3,325

Acquisition and staking	1,050	875
Total Brabant Lake	\$ 63,907	\$ 914,735
Total Exploration Expenses	\$ 107,795	\$ 958,296

Government Assistance and Tax Credits

The Company is entitled to a credit on duties refundable for losses under the Quebec Mining Duties Act. This credit on duties refundable for losses on mineral exploration expenses incurred in the Province of Quebec at the rate of 8% has been applied against the costs incurred. These amounts have been recorded as a reduction of the HPM exploration expenditures.

Also, the Company is entitled to the refundable tax credit for resources for mineral companies on qualified expenditures incurred in the Province of Quebec. The refundable tax credit for resources may reach 35% or 38.75% of qualified expenditures incurred. When applicable, this tax credit is applied against the costs incurred and recorded as a reduction of the HPM exploration expenditures. The Company has recorded \$nil in expected tax credits against exploration activity for the periods ended March 31, 2025 and 2024.

The Saskatchewan Targeted Mineral Exploration Incentive (“TMEI”) supports the diversification of Saskatchewan's mineral sector by encouraging exploration for base metals, precious metals, and diamonds as well as other components such as airborne geophysical data and complementary ground-based geoscience investigations.

The TMEI provides up to \$150,000 financial assistance in the form of a grant to eligible exploration companies that undertake exploration drilling for base metals, precious metals, or diamonds. For the period ended March 31, 2025, the Company estimated the amount receivable at \$nil (March 31, 2024 - \$150,000) under the TMEI program.

MURCHISON MINERALS LTD.
Notes to the Condensed Interim Consolidated Financial Statements
March 31, 2025 and 2024
(Expressed in Canadian Dollars)

9. SHARE CAPITAL

(a) Authorized Share Capital

The Company's authorized share capital consists of an unlimited number of common shares.

(b) Issued

	Number		Amount
Balance - December 31, 2023 and March 31, 2024	260,773,022	\$	43,424,724
Balance – December 31, 2024 and March 31, 2025	298,273,022	\$	43,830,896

10. WARRANTS AND FINDERS' WARRANTS

The following summarizes the warrants and finders' warrants activity for the periods ended March 31, 2025 and 2024:

	Number of Warrants		Grant Date Fair Value		Weighted Average Exercise Price
Balance – December 31, 2023 and March 31, 2024	22,435,717	\$	423,063	\$	0.09
Balance – December 31, 2024 and March 31, 2025	42,935,717	\$	519,233	\$	0.07

As at March 31, 2025, the Company had warrants and finders' warrants outstanding as follows:

Date of Issue	Number of Warrants	Exercise Price (\$)	Fair Value (\$)	Expiry Date	Remaining Contractual Life (years)
July 26, 2023	12,079,277	0.10	237,703	July 26, 2025	0.32
December 28, 2023	518,190	0.055	9,250	December 28, 2025	0.75
December 28, 2023	9,838,250	0.08	176,110	December 28, 2025	0.75
December 3, 2024	20,500,000	0.05	96,170	December 3, 2026	1.68
	42,935,717		519,233		1.07

11. STOCK OPTIONS

The Company maintains a stock option plan whereby certain key employees, officers, directors and consultants may be granted stock options for common shares of the Company. The maximum number of common shares that is issuable under the plan was fixed at 10% of the number of common shares issued and outstanding (a maximum of 5% of the number of common shares issued and outstanding may be held by any one person). Options expire after a maximum period of five years following the date of grant. Vesting provisions are determined at the time of each grant.

MURCHISON MINERALS LTD.
Notes to the Condensed Interim Consolidated Financial Statements
March 31, 2025 and 2024
(Expressed in Canadian Dollars)

11. STOCK OPTIONS (Continued)

The following summarizes the stock option activity for the periods ended March 31, 2025 and 2024:

	Number of Stock Options	Weighted Average Exercise Price
Balance - December 31, 2023	25,110,000	\$ 0.09
Expired	(645,000)	0.095
Balance – March 31, 2024	24,465,000	\$ 0.09
Balance - December 31, 2024 and March 31, 2025	21,165,000	\$ 0.09

As at March 31, 2025, the Company had incentive stock options issued to directors, officers, employees and key consultants of the Company outstanding as follows:

Date of Grant	Options Outstanding⁽¹⁾	Exercise Price (\$)	Grant Date Fair Value (\$)	Expiry Date	Weighted Average Remaining Contractual Life (years)
December 31, 2020	3,700,000	0.095	284,900	December 31, 2025	0.75
April 14, 2021	200,000	0.095	9,800	April 14, 2026	1.04

(Expressed in Canadian Dollars)

13. COMMITMENTS AND CONTINGENCIES

Management Contracts

The Company entered into consulting and employment agreements for the services of its key executives. Under the agreements, additional payments totalling \$1,402,300 are to be made upon the occurrence of a change of control. As a triggering event has not taken place, the contingent payments have not been reflected in the consolidated financial statements. The commitment upon termination of the agreements is \$380,650, in aggregate. The minimum commitment due within one year under the terms of the agreements is \$690,600, in aggregate.

Flow-Through Indemnification

As at March 31, 2025, the Company has to incur \$321,377 in qualifying exploration expenditures by December 31, 2025 to meet its flow-through commitments. At this time, management anticipates meeting that obligation and as a result, no additional provisions are required.

The flow-through agreements require the Company to renounce certain tax deductions for Canadian exploration expenditures incurred on the Company's mineral properties to flow-through participants. The Company indemnified the subscribers for any related tax amounts that become payable by the subscribers as a result of the Company not meeting its expenditure commitments.

	Flow-through funding and expenditure requirements	Flow-through share premium liability
	\$	\$
Balance, December 31, 2023	776,069	82,360
Flow-through funds raised and premium recorded as a liability	500,000	125,000
Flow-through expenditures incurred and reduction of liability	(863,410)	(104,196)
Balance, December 31, 2024	412,659	103,164
Flow-through expenditures incurred and reduction of liability	(91,282)	(22,821)
Balance, March 31, 2025	321,377	80,343

Environmental

The Company's mining and exploration activities are subject to various laws and regulations governing the protection of the environment. These laws and regulations are continually changing and generally becoming more restrictive. The Company believes its operations are materially in compliance with all applicable laws and regulations. The Company has made, and expects to make in the future, expenditures to comply with such laws and regulations.

14. LOAN PAYABLE

In June 2021, the Company financed the purchase of an exploration vehicle in the amount of \$43,586. The loan bears an interest rate of 7.89% and is repayable over 60 monthly payments of \$881 and is secured by the vehicle. The balance payable at March 31, 2025 was \$12,576 of which \$10,578 is due within the next 12 months.

Undiscounted payments over successive years are as follows:

		Vehicle
2025	\$	7,933
2026		5,289
Total contractual cash flows	\$	13,222
Less: interest		(646)
Obligation at March 31, 2025	\$	12,576

15. SUBSEQUENT EVENT

On April 30, 2025, the shareholders of the Company have approved a special resolution which authorizes the Company to effect a consolidation of all of the issued and outstanding common shares on the basis of up to twenty (20) pre-consolidation common shares. The Board of Directors has initiated the process to consolidate its common shares on the basis of twenty (20) pre-consolidation common shares to one (1) post-consolidation common share. The Consolidation is subject to receipt of necessary regulatory approvals, including the approval by the TSX Venture Exchange. There are presently 298,273,022 common shares issued and outstanding which will be consolidated into approximately 14,913,651 common shares.
